

EYEDESIGNS® FLEX/METRO/CONTOUR

040110 ver1.0

Flex Collection offers a sleek, modern silhouette. Flex features curved details, modular showcases and low voltage lighting to create a metropolitan interior. The Metro Collection partners function and form to create furniture with a modern personality. The slim lines, soft curves and low voltage lighting add dramatic detail to the look of your optical. The Contour Collection also offers a sleek, modern silhouette. Contour features curved details, floating shelves and tear drop pendent lighting. All of these collections continue the contemporary look with elliptical shaped dispensing tables. Flex, Metro, and Contour complement each other and displays from all three collections can be intergrated into one optical.

EYEDESIGNS® FLEX/METRO/CONTOUR
